

**Paul Beale** is the founding director of Electrolight. Originally from the UK, Paul read engineering at the University of Northumbria before joining the international consulting engineering firm Arup in London.

Paul relocated to Australia in 1999 and went on to lead Arup Lighting in Melbourne. During this time he achieved success through award winning projects including Webb Bridge and Bendigo Town Hall refurbishment.

In 2004 Paul established Electrolight and has overseen the growth from sole practitioner to a diverse team some 13 strong. Paul has had a direct involvement in all 200+ projects that Electrolight has undertaken and brings passion, enthusiasm and creativity to the design process.
